

Accessibility Statement for Karpati violins

This is an accessibility statement from Karpati Violin AB.

Measures to support accessibility

Karpati Violin AB takes the following measures to ensure accessibility of Karpati violins:

- Include accessibility as part of our mission statement.
- Include accessibility throughout our internal policies.
- Provide continual accessibility training for our staff.
- Assign clear accessibility goals and responsibilities.
- Employ formal accessibility quality assurance methods.
- Provide good service for people with disabilities in the physical workshop as well as on the web

Conformance status

The [Web Content Accessibility Guidelines \(WCAG\)](#) defines requirements for designers and developers to improve accessibility for people with disabilities. It defines three levels of conformance: Level A, Level AA, and Level AAA. Karpati violins is fully conformant with WCAG 2.1 level AA. Fully conformant means that the content fully conforms to the accessibility standard without any exceptions.

Additional accessibility considerations

Regardless of technology or ability, We that work at Karpati Violin AB are dedicated to offering a website that is accessible to the largest audience possible. We abide by many of the relevant standards and guidelines while actively working to improve the accessibility and usability of our website.

We have recently made sure that the site can be narrated by using alt texts for pictures, clear writing, colors, links and zoomed in content.

- We provide accesability to several browsers and operative systems such as Google, Firefox and safari. These work with IOS, Windows and Ubuntu.

Karpati violins is not compatible with:

- Operative systems that are more than 6 years old, browsers older than 4 major versions and Yahoo

Technical specifications

Accessibility of Karpati violins relies on the following technologies to work with the particular combination of web browser and any assistive technologies or plugins installed on your computer:

- HTML
- JavaScript

These technologies are relied upon for conformance with the accessibility standards used.

Limitations and alternatives

Despite our best efforts to ensure accessibility of Karpati violins , there may be some limitations. Below is a description of known limitations, and potential solutions. Please contact us if you observe an issue not listed below.

Known limitations for Karpati violins:

1. **Send contact form while on the site.:** On the site there is no option to send a message/contact form directly without using an external email service. because We have systems in place for email and phone services but none for the website as it would be confusing.. We answer emails and phone calls very fast and assure that no website visitors have to wait for answers.. Send a conventional mail, our contact options are clearly presented under our contact page..

Assessment approach

Karpati Violin AB assessed the accessibility of Karpati violins by the following approaches:

- External evaluation
- A close friend of ours working in design and development has looked through our site and helped us go through this process.
